

TIPS for STAYING IN TOUCH:

- Exchange phone numbers and/or emails to make it easier to be in touch or coordinate in-person gatherings.
- Create a Facebook page for your block.
- Be mindful of neighbours who do not use email or social media and keep them informed by paper, phone or in-person.
- Share important neighbourhood news.
- FOIP – It is important to tell people what is happening with the information they will provide to you as a Block Connector. The primary intent of gathering the information is to share it in order to facilitate relationship building and connection in the neighbourhood. It will be handled with care, following the guidelines of FOIP, which governs that protection of personal information.
