

TELECOMMUNICATION FACILITIES APPLICATION

The information requested is necessary to complete a thorough evaluation and timely recommendation on your application. All material submitted must be clear, legible and precise; staff will only accept complete applications. Thank you for your cooperation. For a full overview of the Telecommunication Facility procedure please see The City of Red Deer Corporate Procedure for Telecommunication Facilities # 6306-CP. This is NOT a Development Permit application but an application to fulfill Industry Canada's requirement for Land Use Authority consultation. Preliminary consultation with The City of Red Deer Planning Department is highly recommended prior to submission of an application in order to verify submission requirements and the need for a Development Permit.

Description of Land where the Telecommunication Facility is Proposed to be Located

Municipal Address(s): _____

Any personal information on this form is collected under the authority of section 33(c) of the Freedom of Information and Protection of Privacy (FOIP) Act and section 5 of the Radiocommunication Act, 1985, for the purpose of evaluating the proposed Telecommunication Facility Application and may be circulated to relevant agencies for a consistent purpose. If you have any questions regarding the collection, use and protection of this information, please contact the Planning Department at 403-406-8700.

Possible Exemptions from Telecommunication Application Review

Facilities listed under Section 6 (Exclusions) of the most current edition of Industry Canada's CPC-2-0-03 "Radiocommunication and Broadcasting Antenna Systems", which can be found at <http://www.ic.gc.ca/eic/site/smt-gst.nsf/eng/sf08777.html>, may be considered exempt from submission of a Telecommunication Facility Application.

Submission Requirements

A preliminary consultation with The City of Red Deer Planning Department should be undertaken prior to submission in order to verify specific requirements related to the nature of the application. The need for additional information beyond the material listed here may be identified at the preliminary consultation or as the application progresses through the review process. A typical submission should include the following:

- Full **application fee** of \$2,080.00 per facility/tower made payable to The City of Red Deer
- Completed Telecommunication Facility **Application**
If registered owner or applicant is registered as a numbered company, provide **Principal Names** and positions
Every application shall include a **comprehensive analysis** demonstrating that all types of installations, in particular, types that could be exempt or co-location, have been carefully considered. Where an applicant has determined these types of installations are unattainable, the analysis shall include detailed rationale.
- A **justification letter** identifying the companies which have agreed to co-locate on the proposed tower and if no co-location is proposed then an explanation as to the circumstances that prevent co-location.
- A brief or report documenting **public consultation** as prescribed by Industry Canada including, as applicable, area of notification, sample notification package, copy of meeting agenda and minutes indicating items discussed, additional concerns raised, resolutions achieved as well as outstanding issues
OR if public consultation has not yet been undertaken a:
 - Proposed **public consultation program** and associated timelines, a sample notification package and area of notification
- One (1) copy of the current **Certificate of Title(s)** for the subject lands, dated no more than 30 days from the date of the application and one copy of each easement document, right-of-way, restrictive covenant or other legal document registered on the property that affects the use of the lands
- Context plan** which may be an aerial photo with labels
- Five (5) copies of a clearly reproducible **site plan** (minimum 1:100) showing:
 - north arrow, scale, legend and drawing/revision dates;
 - municipal address (i.e. street address); legal address (i.e. plan/block/lot);
 - dimensioned property lines, area, easements and other encumbrances as well as adjacent streets and lanes;
 - location of antenna and support buildings - include structure dimensions and set backs to property lines;
 - location/status of existing buildings to be retained or demolished on the site including set back dimensions;
 - existing landscaping including what is to be retained/removed; fencing including type and height; and
 - driveway location and parking areas including dimensions and surface materials.
- Five (5) copies of **elevations** for all sides of proposed buildings and tower elevations including:
 - total height building materials and colour proposed lighting including type and colour
- Colour photographs of the site showing the proposed facility/tower superimposed (maximum size 8"x10")
- Five (5) copies of a proposed **landscape plan** including
 - existing trees to be retained and description or details of proposed method(s) of protection;
 - proposed plant material graphically shown; type and location of hard and soft surface materials;
 - plant list with common & botanical names, size & quantities; location, type and height of fencing; and
 - retaining walls including top/bottom-of-wall elevations and materials.
- Map** showing the horizontal distance between the tower base and the nearest residential property
- Digital copies** (pdf) of drawings formatted to letter size will be required for use in the report and presentation to the Municipal Planning Commission.
